*"To every thing there is a season,
and a time to every purpose
under the heaven:*

. . .

*A time to break down, and a
time to build up;*

*A time to weep, and a time to
laugh; a time to mourn, and a time
to dance;*

*A time to cast away stones, and
a time to gather stones together:*

. . .

*A time to get, and a time to
lose; a time to keep, and a time
to cast away;*

*A time to rend, and a time to
sew; a time to keep silence, and
a time to speak;*

*A time to love, and a time to
hate; a time of war, and a time
of peace."*

*"To every thing there is a season,
and a time to every purpose
under the heaven"*

Ecclesiastes 3: 1-8

The great use for life is to spend it for something that will outlast it. You will find, as you look back upon your life, the moments that stand out are the moments in which you have done something for others.

MRS. MARGARET SCHIFFHAUER

*Principal
and
Guidance
Counselor*

We cannot interfere with the tick of a clock
nor can we stop the passing hour.

Be wise with your time. Use it so that you
have a reserve – for there is no time that ever re-
turns – only the memory of that time.

Senior Dance Band

*Paula Pyle
Sunday*

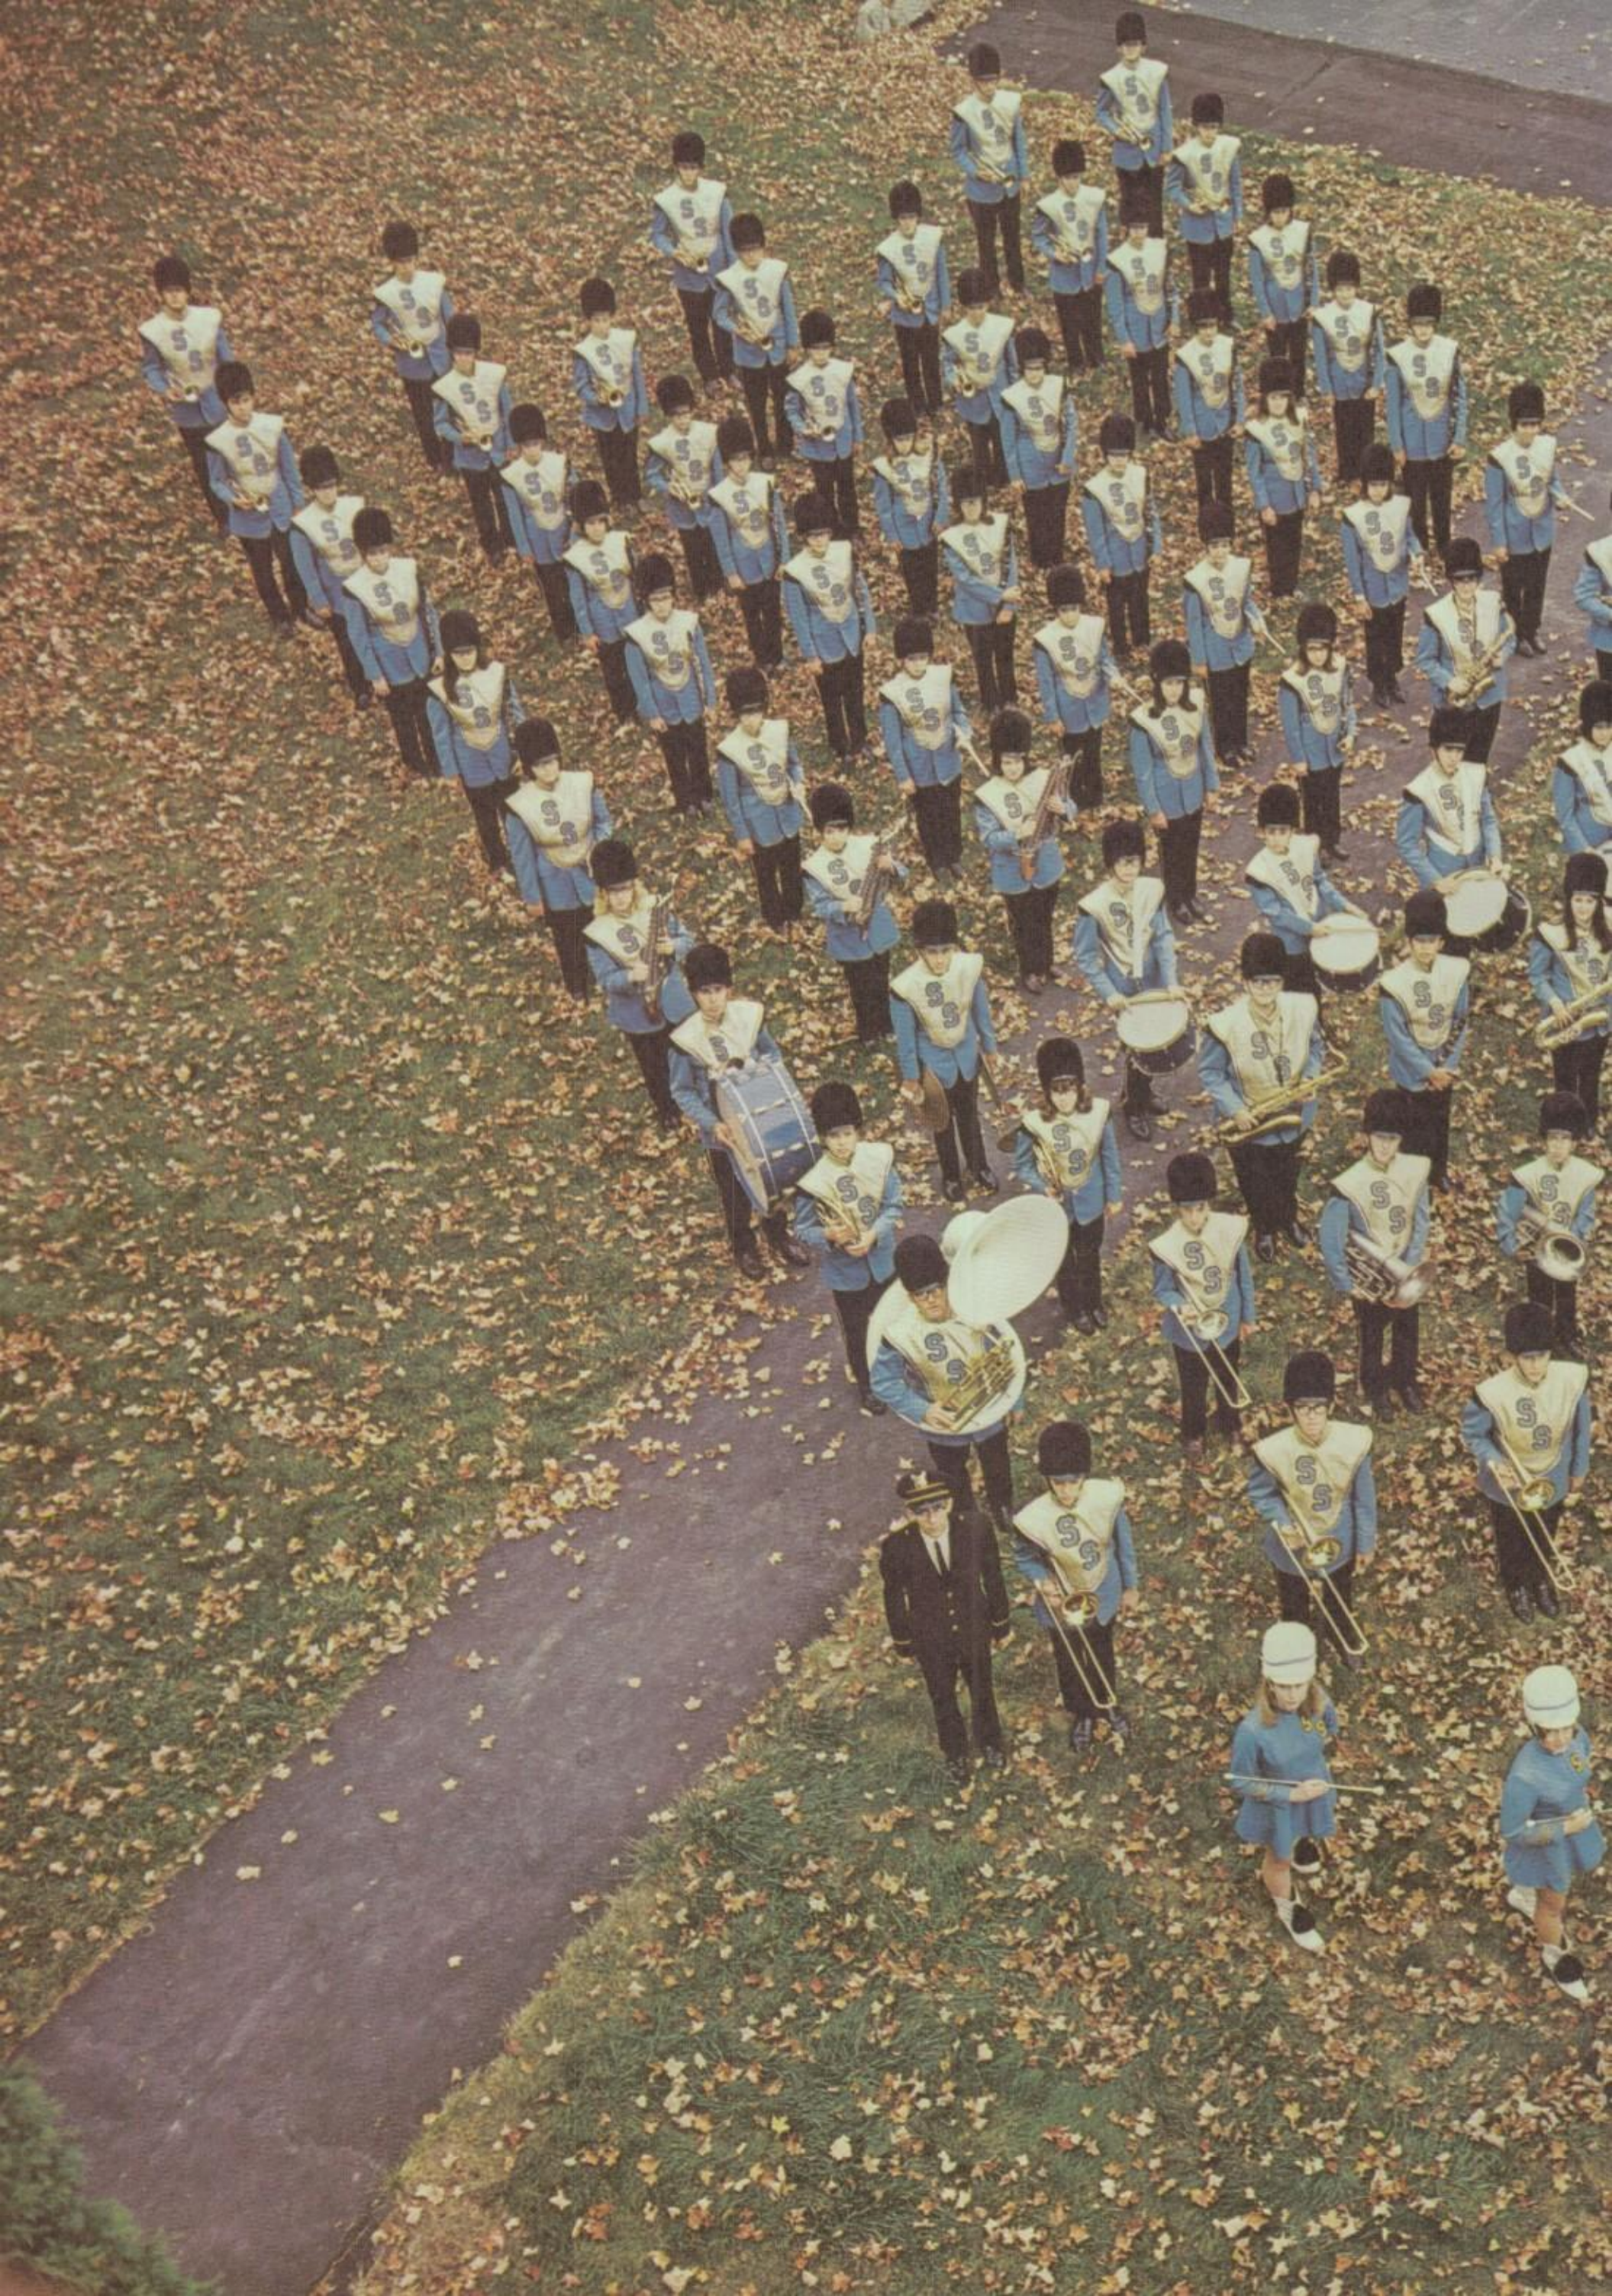

On Sunday, December 22, 1968, a radiothon was conducted for Paula Pyle, a 16 year old Rockwood Area youth. Paula was facing a kidney transplant at the Cleveland Clinic. The radiothon was part of the county-wide drive for financial aid. The secretaries from the schools in the county manned the telephones and James A. Brown was the technical coordinator. The senior high dance band provided part of the entertainment for the radiothon. Thousands of dollars were donated to the Paula Pyle Fund.

. . . a time to keep silence, and a time to speak . . .

Partridge spoke, masterfully weaving the actors with the audience until the curtains closed on the final act.

Deftly produced and expertly portrayed, Tom Jones was a play long to remember.

I, Spiro T. Agnew . . .

Nixon brought US together!

Tricky Dick's the ONE!

Debating requires of those who choose to participate the ability to constructively evaluate available information and arrive at logical conclusions. The Club is instrumental in providing the opportunities to test that ability successfully. The Westmont and Stonycreek Debate Clubs met at the Westmont High School on March 14, 1969. Our team won by three points. Cooperatively, the Debaters, with the Student Council, sponsored a debate and a school election for the Presidential Candidates.

Members of the Future Teachers of America Club have the opportunity for first-hand experience in teaching.

Students teach students – under the guidance and supervision of home room teachers and Mrs. Morrow, coordinator, the FTA members go into the elementary class rooms and work with the pupils.

Not only do the children benefit, but also, the FTA members gain on-the-spot training from a teacher's viewpoint.

Radio Guild

"For the past 60 minutes you have been listening to a program presented by the Shanksville-Stonycreek Radio Guild . . ." was a familiar closing format used for the Radio Guild programs. The club is designed to give first-hand experience in all phases of radio broadcasting. Radio Guild members broadcasted their programs monthly from the studios of radio station WVSC-AM and FM.

Visual Aids Include Movie-Making

SHANKSVILLE — Students make movies here.

They make movies of dangerous curves and intersections on area roads, and the driver education teacher shows the movies in class.

They make one- to two-minute animations for elementary mathematics teachers, each movie explaining a single concept.

They film complicated physics experiments that can't be carried out every year. Now, all the classes can see the experiment, as many times as they wish.

But that's not all.

Elaborate Department

Movies are only a small portion of the elaborate audio-visual department that James A. Brown has set up in the Shanksville - Stonycreek Joint High School.

The program was initiated in 1961, under Dr. J. Geary Critchfield, supervising principal.

While most schools rejoice in having one or two overhead projectors in the entire building, Shanksville has one in every classroom.

There is a filmstrip projector for every two classrooms, and there are wall-mounted screens in every room.

Perhaps more important, there is a trained staff of 45 students who can produce and operate just about any kind of teaching aid that a teacher could request.

And the teachers are being taught more things to request, through an intensive in-service training program that is part of the overall picture.

If this setup seems complicated, that's because it is complicated. But all of the aspects of the program for the present and for the next 10 years are categorized distinctly in Mr. Brown's mind and in a 100-page, long-range plan he draws up and renews every two years.

Provides 13 Services

Shanksville's instructional materials services department presently provides 13 production services:

1—Duplication, such as tests, worksheets and study guides.

2—Mimeographing.

3—Thermal copying, such as black-and-white transparencies and reproduction masters.

4—Xerox copying.

5—Photocopying.

6—Electronic stencil preparation, which will produce any kind of reproduction desired of any kind of visual aid, such as newspaper articles, maps and diagrams.

7—Audio tape production for classroom and broadcast use.

8—35mm slide production.

9—Overhead projection transparency production, in seven different processes.

10—8mm motion picture production.

11—Dry-mount production, which involves study prints, charts, graphs and similar classroom displays.

12—Production of originals, which means that a teacher tells the staff the idea he wants to present to his class and the staff puts it into visual form. The staff decides upon a slide, a

graph, a movie or some other visual form that best will depict the idea.

13—Production of single-concept films.

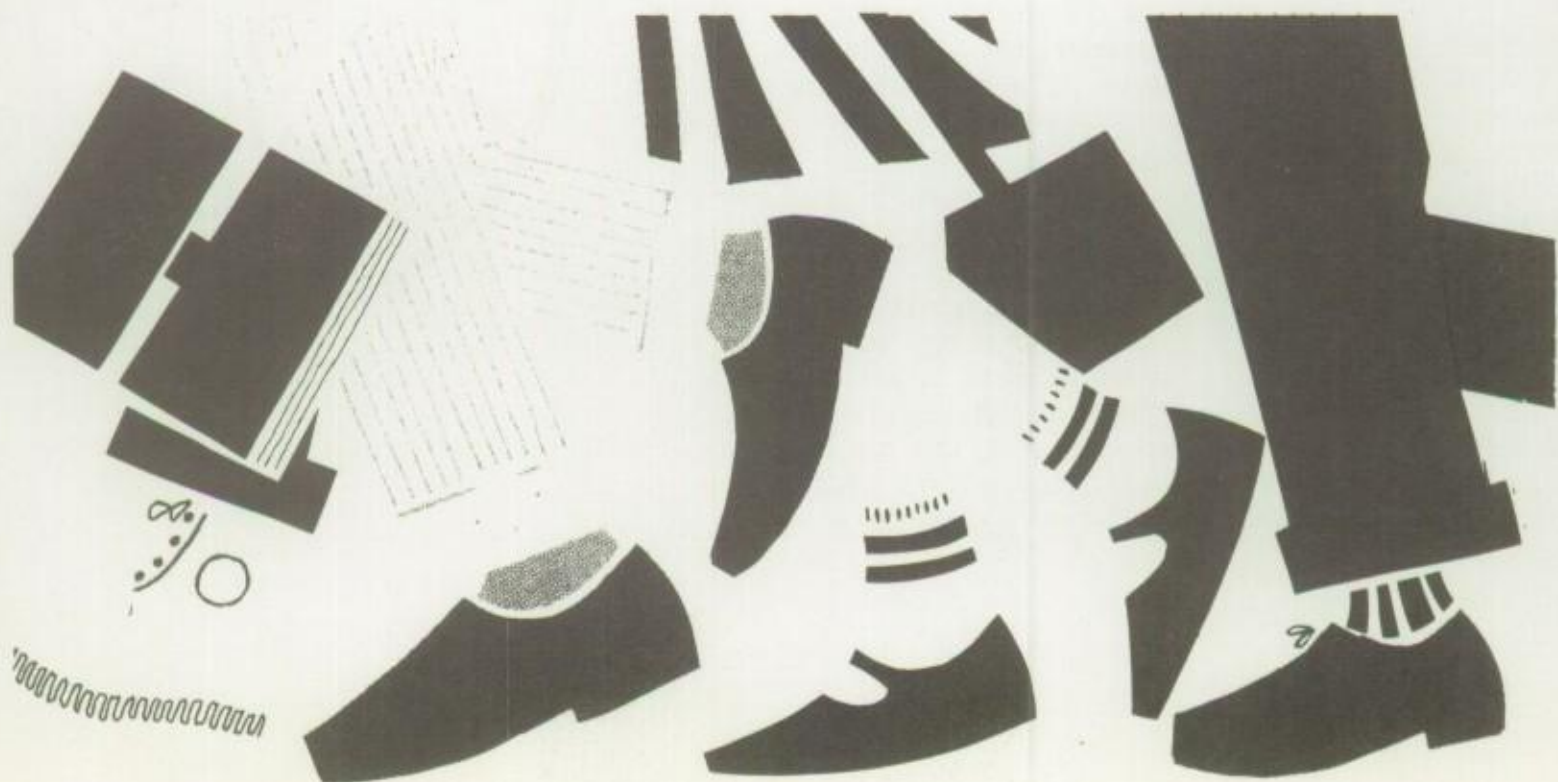

It is routine for the staff to produce approximately 100 transparencies and a like number of 35mm slides each week.

Patrol Boys

Stalwart youths ready at the sound of the bell. Dismissal – to the front they march – each to his own station. Action! Roll 'em – there they come! Watch out – step lively! No snow balling! Sit in your own seat! All aboard!

We Salute — Ken Lowry

Coach of the Year — Area Personality

Kenneth M. Lowry, Varsity Basketball Coach of Shanksville-Stonycreek High School is the Somerset American Area Personality of the week.

Married to the former Mary Ann Custer, the couple has four children: Debbi, Rand, Rick, and Mary Jo.

Mr. Lowry graduated from Shanksville Township in 1948 and received his B.S. from Slippery Rock College in 1953, and began teaching in Shanksville in 1954 as a Health and Physical Education teacher.

Coach Lowry attended the University of Oregon while absent on leave in 1967-1968 on the Experienced Teachers' Fellowship Program to obtain his master's in Health Education.

He is active in the Pennsylvania State Education Association and the National Education Association.

Lowry said, "It's a challenge to coach high school boys and develop their athletic abilities to their maximum capabilities."

This year Coach Lowry's team became the county basketball champions with a 17-1 record in league competition and with a 19-4 record for the regular basketball season.

SHANKSVILLE'S BASKETBALL COACH — Kenneth Lowry, varsity basketball coach for Shanksville-Stonycreek High School, has been chosen as the Daily American Area Personality for this week. He has consistently led his teams to respectable records against county league competition.

Herb Long
OUTSTANDING SENIOR ATHLETE

Herb Long, a senior and four year letterman on the basketball squad, was named Outstanding Senior Athlete of 1969 and recipient of the Clyde O. Long Memorial. Herb is the fourth member of his family to receive this award named for his father, the late Clyde O. Long.

Herb served as president of Hi-Y, guard on the basketball squad and catcher for the baseball team. He was also active in Senior Band, All-County Band, Dance Band, Senior Chorus, Radio Guild, Future Teachers of America, and the Senior Class Play.

Owen Long Again Cops County Scoring Crown

By A "DUKE" RITER

Owen Long, Shanksville-Ponycreek high school's record making guard, capped a fantastic sophomore year this month by dumping in 50 points against Forbes Road in the strict V Class C playoffs for two-year total of 1,216 points. The 5-10, 165-pound "whiz

kid" won his second consecutive Somerset County Basketball points scoring title in as many tries with an average of 29.17 points per game for 671 points in 23 games this year. He amazed county cage fans last season by winning the scoring race as a freshman with 545 points and a 25.9 average.

With two more seasons ahead, the little Viking sharpshooter has an excellent crack at the 2,240 career points scored by Len Chappell of Portage, plus an unprecedented four straight county scoring crowns.

While he has been a prolific scorer at Shanksville, Owen has not had an easy time of it. Double-teamed, zone boxed and various other special defenses have been used against him.

Favorite Shot

His favorite shot is the 15- to 18 foot jumper but, he has thrilled the crowds with a variety of shots, lay ups and driving shots, both left and right handed, although principally from the southpaw side.

His passing and dribbling is every bit as exciting to watch. In many games he registered more than 10 assists. And in spite of his height, he usually manages to out-rebound many of the "big men" of the game.

New Record

His 50 points output against Forbes Road set a new school record at Shanksville. He broke the old school marks of 43 and 44 points that he set last year during his initial campaign as a varsity player.

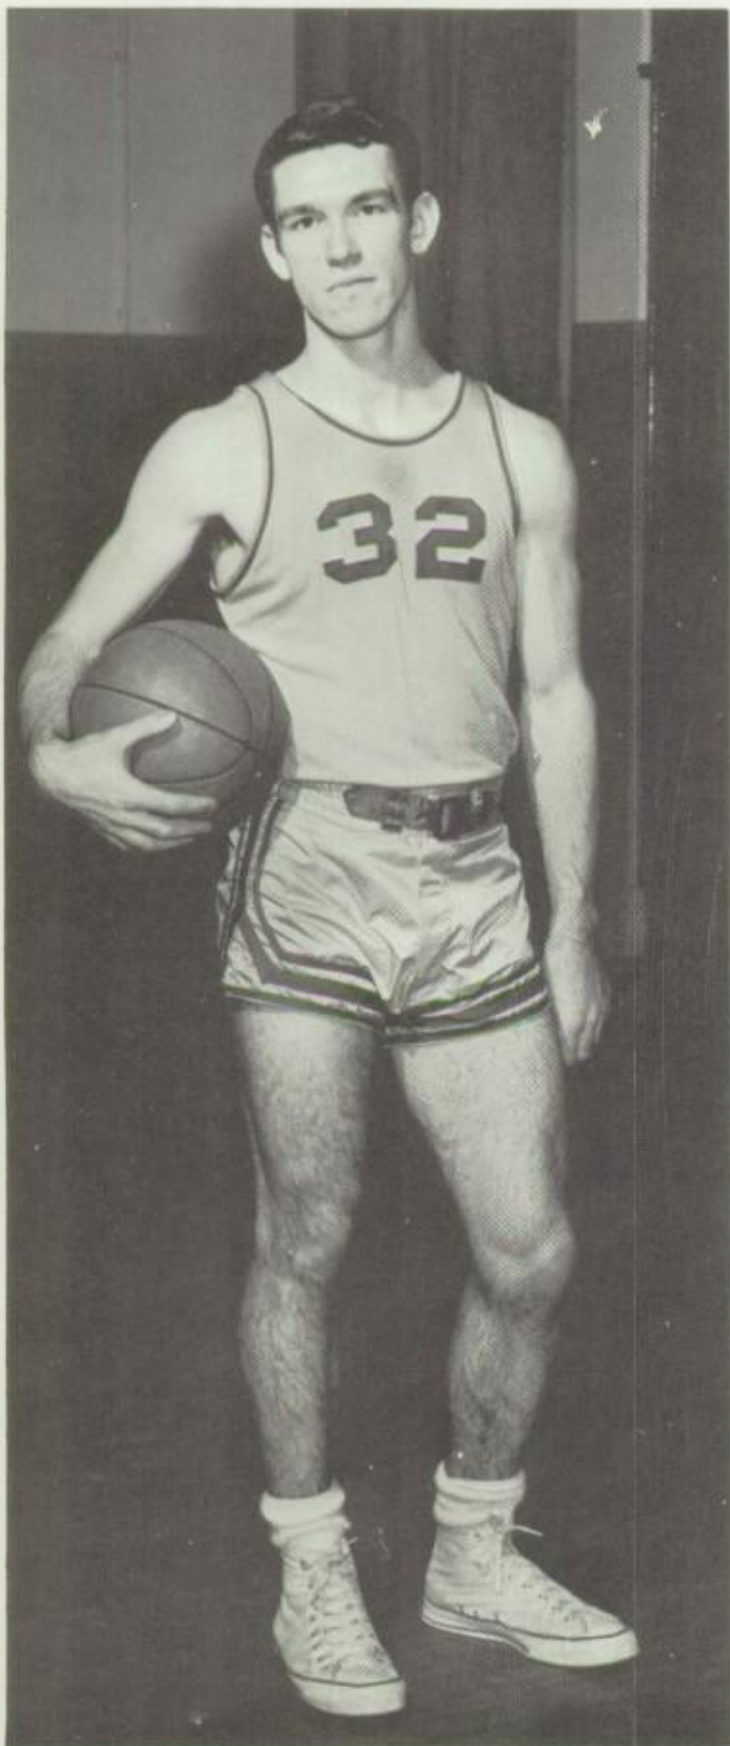

His achievements as a top scorer and fine playmaker have already attracted the attention of colleges who have started to contact him.

Although Owen feels its a little early to have any plans for when he gets out of high school, he did indicate that he hopes to continue his basketball career in college and that he would like to become a school teacher.

Top Scorers

1969

Miss Babish graciously accepted the role of Commencement Speaker and shared the evening with us. Besides her responsibilities as Miss Teenage America, Missy is also a busy high school girl. She has fun, but she has a head on her shoulders, too. She is a cheerleader, the treasurer of the student council, and a member of the National Honor Society. Her ambition is to become a corporation lawyer.

THE WHITE HOUSE

WASHINGTON

TO THE 1969 GRADUATING CLASS
SHANKSVILLE SCHOOL

This is a day when congratulations are in order not only to the graduates but to the parents, teachers, and administrators whose efforts have helped to make this achievement possible. I extend my heartiest congratulations to all of you.

At a time when there is much talk about the differences between the generations, I think it is useful to remark upon a similarity between your graduating class of 1969 and my graduating class of 1930.

Your high school years have been historic ones. When you entered high school, man was making his elementary steps into space. In your senior year, three brave Americans journeyed around the moon. When I graduated from high school, only three years had passed since a man flew for the first time across the Atlantic Ocean. Despite the obvious difference in years, we have this in common: we all know what it is to be young at the start of an age of adventure.

You will discover, as I did, that each person must make his own exploration of the world, make his own discoveries, shape his own triumphs, endure his own tragedies. Each of us is an explorer of himself, of history, of knowledge, of the intricate and beautiful and wonderful varieties of experience.

Each of you will make a different kind of exploration, some in continued formal education, some in industry or business or agriculture. Whatever your choice, learn. Learn all you can about yourself and the world.

Your final year in high school was the beginning of an age of adventure, an age you will help to shape. You have my highest hopes and best wishes.

Richard Nixon
